

PATHWAYS TO TOMORROW **BUILD YOUR CHILD'S FUTURE, TODAY!**

ACS
INTERNATIONAL
SCHOOL
DOHA

READY TO EXCEL – HIGH SCHOOL CURRICULUM.

ACS DOHA OFFERS ACADEMIC EXCELLENCE, A CHALLENGING CURRICULUM, AND WORLD CLASS TEACHING. BUT WE ALSO KNOW THAT IT TAKES MORE THAN THIS TO MAKE EVERY CHILD FLOURISH.

It takes flexibility: to guide your child to find their own path. That's why we work with every student to build a High School pathway that works for them and their future ambitions.

Throughout your child's educational journey, we ensure that they are fully supported, no matter how many twists and turns it takes. Our dedicated university and college counselling and pastoral care teams help students navigate the challenges and find a pathway that meets their needs.

That's what makes ACS Doha special: our dedication to your child's uniqueness, and our ability to help them succeed.

We offer a robust curriculum built upon international standards and adapted to the needs of our diverse student body.

Students can follow the below pathways:

IB Diploma

- Comprehensive, well-rounded studies
 - Two-year courses, with varied assessments
 - Internationally-recognised by selective universities
-

IB Career-related Certificate

- Academically-challenging, applied studies
 - Focused on developing personal and professional skills
 - Prepares students for a demanding 21st century workforce
-

AP courses

- University-level study with global recognition
 - One-year course, with a single examination
 - Widely eligible for college credit
-

US High School Diploma

- General studies curriculum framed by international standards
 - Valued by North American colleges and universities
 - Can meet university admission requirements in Qatar
-

MYP

- Flexible, externally-validated qualification for 10th graders
- Highlights global contexts and learning how to learn
- Excellent preparation for advanced high school courses
